#### Description of Project and LEA's Preliminary Determination

The West Valley Materials Recovery Facility is located at 13373, Napa Street, Fontana. On May 19, 2016 the LEA received, from West Valley Materials Recovery Facility, a Solid Waste Facility Permit (SWFP) application package to amend the TPR to add updated information regarding the modification of their MRF sorting line and the addition of a C&D sorting line, staffing changes, and equipment list changes. The changes include:

- Chapters II and III
- Revised Exhibits 1-13A
- Table of Contents

The LEA finds that the proposed change is consistent with all applicable certified and/or adopted CEQA documents, is consistent with State Minimum Standards, and does not conflict with the terms and conditions in the current solid waste facilities permit. The LEA approved the amendment on June 14, 2016.
